INVENTORY of UNIVERSITY BUILDINGS

#1	<u>Antioch Hall [Main Building]:</u> 795 Livermore Street Date of Construction: 1853 Date of Most Recent Renovation: 1959-1962 Type of Construction: mas./conc./wd. trusses Overall Building Condition: three	Administration Number of Stories: 5 + attic & basmt. Gross Area: 46,800 Roof Type: gable Building "Adaptability: three
#2	<u>Weston Hall [formerly Horace Mann]:</u> 301 East North College Street Date of Construction: ? ? Date of Most Recent Renovation: 1996 Type of Construction: joisted masonry Overall Building Condition: five	Admissions Number of Stories: 2 + attic & basmt. Gross Area: 7,200 Roof Type: gable Building "Adaptability: three
#3	<u>Olive Kettering Library:</u> 280 East North College Street Date of Construction: 1955 Date of Most Recent Renovation: none Type of Construction: masonry/concrete Overall Building Condition: two	Library Number of Stories: two + basmt. Gross Area: 44,364 Roof Type: flat Building "Adaptability: three
#4	<u>Curl Gymnasium:</u> 240 East South College Street Date of Construction: 1929 Date of Most Recent Renovation: none Type of Construction: 55% non-com; 45% joist/masonry Overall Building Condition: two	Basketball & Exercise Courts Number of Stories: two + bsmt. Gross Area: 40,000 Roof Type: gable Building "Adaptability: two
#4-A	<u>South Gym:</u> rear of 240 East South College Date of Construction: 1960's Date of Most Recent Renovation: none Type of Construction: masonry & concrete roof Overall Building Condition: four	Dance Space, Pool etc. Number of Stories: one + partial bsmt. Gross Area: 4,450 Roof Type: flat Building "Adaptability: two

#5 Rockford Chapel:
511 President Street
Date of Construction: 1920's
Date of Most Recent Renovation: 1995 [addition]
Type of Construction: masonry veneer
Overall Building Condition: four

#6 McGregor Hall:
815 Livermore Street
Date of Construction: 1968
Date of Most Recent Renovation: none
Type of Construction: masonry/concrete
Overall Building Condition: four

#7 Science Building:
234-42 East South College Street
Date of Construction: 1929
Date of Most Recent Renovation: 1960
Type of Construction: masonry/concrete
Overall Building Condition: three

#8 Engineering Building:
320 East Marshall Street
Date of Construction: 1952
Date of Most Recent Renovation: none
Type of Construction: 71% masonry; 29% frame
Overall Building Condition: one

#9 Carpentry Shop:
915 Corry Street
Date of Construction: 1930's
Date of Most Recent Renovation: none
Type of Construction: frame
Overall Building Condition: two

#10 Maple Fire Department:
750 Livermore Street
Date of Construction: 1962-65
Date of Most Recent Renovation: none
Type of Construction: joisted masonry
Overall Building Condition: two

Quaker Meeting House

Number of Stories: two
Gross Area: 2,282
Roof Type: gable
Building "Adaptability: two

Classrooms

Number of Stories: two + basmt.
Gross Area: 33,100
Roof Type: flat
Building "Adaptability: four

Laboratories & Classrooms

Number of Stories: four
Gross Area: 64,000
Roof Type: flat + partial gable
Building "Adaptability: four

Maintenance & Equip. Storage

Number of Stories: one
Gross Area: 10,600
Roof Type: flat
Building "Adaptability: three

Carpentry Shop & Storage

Number of Stories: one
Gross Area: 3,360
Roof Type: gable
Building "Adaptability: three

Fire Dept. [closed] & Student Luggage

Number of Stories: one
Gross Area: 1,200
Roof Type: gable
Building "Adaptability: three

#11 North Hall:

785 Livermore Street

Date of Construction: 1853

Date of Most Recent Renovation: 1953 [after fire]

Type of Construction: masonry & concrete

Overall Building Condition: one

Dormitory

Number of Stories: four + tic & basmt.

Gross Area: 23,000

Roof Type: gable

Building "Adaptability: one

#12 Norment House:

416 President Street

Date of Construction: 1850's

Date of Most Recent Renovation: 1939 [changed to dorm]

Type of Construction: wood frame

Overall Building Condition: three

Dormitory

Number of Stories: two + basmt.

Gross Area: 4200

Roof Type: gable

Building "Adaptability: two

#13 Birch Hall:

450 Corry Street

Date of Construction: 1945

Date of Most Recent Renovation: 1996

Type of Construction: masonry & concrete

Overall Building Condition: five

Dormitory

Number of Stories: two

Gross Area: 30,000

Roof Type: flat

Building "Adaptability: two

#14 Mills East Dorm:

260 East Limestone Street

Date of Construction: 1960's

Date of Most Recent Renovation: none

Type of Construction: masonry & concrete

Overall Building Condition: four

Dormitory

Number of Stories: two

Gross Area: 7,700

Roof Type: flat

Building "Adaptability: two

#15 Mills West Dorm:

260 East Limestone Street

Date of Construction: 1960's

Date of Most Recent Renovation: none

Type of Construction: masonry & concrete

Overall Building Condition: four

Dormitory

Number of Stories: two

Gross Area: 7,700

Roof Type: flat

Building "Adaptability: two

#16 Art Annex:

910 Corry Street

Date of Construction: 1960

Date of Most Recent Renovation: 1972 (additions)

Type of Construction: concrete block + steel & beam

Overall Building Condition: three

Sculpture/Art Education

Number of Stories: 1

Gross Area: 10,850

Roof Type: gable & flat

Building "Adaptability: three

#17 Presidents: Long & Maples Dorm:

750 Livermore Street

Date of Construction: 1962-65

Date of Most Recent Renovation: 1988

Type of Construction: pre-fabricated masonry veneer

Overall Building Condition: three

Dormitory

Number of Stories: two

Gross Area: 6076

Roof Type: gable

Building "Adaptability: one

#18 Presidents: Derby & Bell Dorm:

150 East North College Street

Date of Construction: 1962-65

Date of Most Recent Renovation: 1988

Type of Construction: pre-fabricated masonry veneer

Overall Building Condition: three

Dormitory

Number of Stories: two

Gross Area: 6040

Roof Type: gable

Building "Adaptability: one

#19 Presidents: Black & Fess Dorm:

760 Livermore Street

Date of Construction: 1962-65

Date of Most Recent Renovation: 1988

Type of Construction: pre-fabricated masonry veneer

Overall Building Condition: three

Dormitory

Number of Stories: two

Gross Area: 6076

Roof Type: gable

Building "Adaptability: one

#20 Presidents: Hill & Craig & Hosmer Dorm:

160 East North College Street

Date of Construction: 1962-65

Date of Most Recent Renovation: 1988

Type of Construction: pre-fabricated masonry veneer

Overall Building Condition: three

Dormitory

Number of Stories: two

Gross Area: 9052

Roof Type: gable

Building "Adaptability: one

#21 Student Union Building:

275 East North College Street

Date of Construction: 1957

Date of Most Recent Renovation: 1994/5 [2nd floor]

Type of Construction: masonry and concrete

Overall Building Condition: two

Cafe, Conference & Meeting Rms.

Number of Stories: two

Gross Area: 39,800

Roof Type: flat

Building "Adaptability: four

#22 Power Plant:

915 Corry Street

Date of Construction: 1930

Date of Most Recent Renovation: 1998

Type of Construction: masonry /concrete/steel trusses

Overall Building Condition: three

Central Steam Heating Plant

Number of Stories: 3 + 1st & 2nd level

Gross Area: 20,000

Roof Type: gable & flat

Building "Adaptability: zero

#23 Visual Arts Building:

940 Corry Street

Date of Construction: 1972

Date of Most Recent Renovation: none

Type of Construction: concrete and steel

Overall Building Condition: four

Art Education

Number of Stories: four

Gross Area: 28,200

Roof Type: flat & sloped

Building "Adaptability: four

#24 Antioch Theatre Building:

920 Corry Street

Date of Construction: 1941

Date of Most Recent Renovation: 1950

Type of Construction: masonry /steel wd. beam roof
