

ANTIOCH COLLEGE

Summer 2005

Schedule of Classes

PLEASE SAVE YOUR CALENDAR FOR FUTURE REFERENCE

IF YOU ARE REGISTERING OR ADDING A COURSE AFTER CLASSES HAVE BEGUN, the Registration or Drop/Add form must bear the signature of the instructor whose class(es) you are adding, as well as the signature of your academic advisor.

PREREQUISITE COURSES: Some courses at the 200, 300, or 400 level require students to have completed another course before they can register for the class. These courses have a "(P)" in the second column of the Course Schedule, along with the prerequisite course(s). If you have not taken the prerequisite course(s), you must obtain the instructor's permission and signature on the Registration or Drop/Add form before you can register for the class.

COURSE DESCRIPTIONS are published in the Antioch College Catalog. Syllabi for the courses are available at Registration Open House, or from the instructor or departmental assistants.

Independent Studies (faculty/student designed courses) may be arranged with full-time Antioch College faculty members. Syllabus forms are available in the Registrar's Office and must be completed, signed, and turned-in with the Registration or Drop/Add form. Independent Study course numbers are 196, 296, 396.

Registration Drops or Adds must be submitted to the College Registrar's Office by 4:00 p.m., June 3rd, June 29th, and July 27th.

Canceled Courses: Antioch College reserves the right to cancel courses scheduled to be taught by adjunct faculty when there is not a sufficient number of students (at least 7) registered for the course. Students will be notified through campus mail after final registration when courses are canceled.

Course Changes after Publication: Every effort is made to have accurate course information at the time of publication of this schedule. However, instructors may need to make changes to their courses after publication. Students are advised to read the course UPDATE provided by the Registrar's Office prior to final registration.

REGISTRAR'S OFFICE HOURS:
Monday, Tuesday, Thursday, Friday; 8:30-4:30
Wednesday; 1:00-4:30

REGISTRATION

Academic Registration: The academic advisor must sign the registration form indicating approval of the student's plan for the term. Failure to register during the scheduled time at the beginning of the semester may result in a late registration fee. Students may earn academic credit for several types of courses:

Scheduled courses: These are the courses which are being offered during the term and which appear in the published course schedule for the term.

Unscheduled courses: A student may be permitted to register for a course which is regularly offered and published in the *Antioch College Catalog*, but is not being offered during the term, by making arrangements with the faculty member who teaches the course. Instructor Signature is required.

Independent Study courses: Independent study courses are ad hoc courses designed by the student and a regular full-time faculty member. An independent study course syllabus must be submitted at the time of registration and may be taken as part of a regular study term or as academic credit over co-op. The approval and signatures of the instructor and the chair of the major in which the course is classified are required. All independent study courses are designated with the course number 196, 296, or 396, depending on the level of study involved. No more than five (5) independent study courses may be used toward the baccalaureate degree.

Academic Credit During Co-op: Students may register and earn up to four academic credits toward the degree during a co-op term (five credits during a summer term for a block course taken on campus). This can be done by arrangement with Antioch faculty as a course pursued on an independent study basis or as a regular course if the student's co-op is located near Yellow Springs. The total number of academic credits a student may register for and earn during co-ops may not exceed 20 credits. Also, the student may register for a course or courses at another college or university during co-op and may transfer up to four credits. The student is responsible for paying any tuition and fees charged by the other school, and will be billed a flat processing fee per transcript to transfer the credits to Antioch.

Adding and Dropping Courses

The Add/Drop period of academic registration usually lasts for one week following the official registration at the beginning of the fall and spring terms. During the summer term, students must complete any add or drop by 4 p.m. of the second day of the block. During the Add/Drop period, students are permitted to add and drop courses from their registration. The signatures of the student's academic advisor and of the instructor whose class is being added are required.

Withdrawing from Courses: After the Add/Drop period, requests to add a course are reviewed on a case-by-case basis by the Registrar and may require approval by APRC. Students may formally withdraw from a course after the Add/Drop period during Fall and Spring terms through the end of the eighth week. Signatures from the instructor and the student's academic advisor are required. There is no course withdrawal period after Add/Drop in the Summer term. Students withdrawing from a course are cautioned that if their registration falls below 12 credits, their status as a full-time student will be affected.

Auditing Courses: A regular degree student may audit any class provided: The instructor gives written permission, there are adequate facilities, students seeking credit for the class are not displaced, the student registers for the audit, and the student does not exceed the academic credit load limits per term. Auditors must pay an audit fee unless their participation

is covered by tuition or tuition remission benefits. All auditors must pay any laboratory fees. An audited course may not be repeated for credit. Audited courses appear on the student's academic transcript. Faculty may submit narrative evaluations for the audited courses. Evaluations for audited courses must state clearly that the course was audited and what was required of the student. Evaluations for audited courses will **not** be released to third parties.

Course Prerequisites: Some courses require students to possess a certain body of prior knowledge before taking them. Any course listed as prerequisite to another must be completed before taking the advanced course. If a student wishes to have a prerequisite course waived, the student may be able to test out of the course by having the faculty member administer an appropriate test or to obtain the instructor's permission to register for the course. No credit is granted for such a test or for waiving a prerequisite course.

Credit Load: College policies set limits on the amount of academic credits that students are permitted to register and earn during each academic term. A student is permitted to register for and earn a maximum of 18 academic credits during the fall and spring terms, and 17 during the summer term. The Academic Policy and Review Committee must approve any registration for credits beyond these limits under its overcrediting guidelines (see following Overcrediting section).

Overcrediting: Students who meet the Academic Policy and Review Committee (APRC) guidelines may receive permission to register for a maximum of 22 credits (4 credits beyond the 18 indicated in the previous section) during fall and spring semesters. Overcredits during the summer term are not permitted. Students with half-time status cannot petition for overcrediting. Students participating in off-campus programs such as those sponsored by the Great Lakes College Association and Antioch Education Abroad may not register for more than 16 credits. One additional credit for PE may be earned during an AEA program and the Environmental Field Program.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

The Family Educational Rights & Privacy Act of 1974 grants to students certain rights, privileges and protections relative to individually identifiable student education records, which are maintained by the College. Specifically: (1) Students' educational records (with the exception of directory information) will be released to third parties outside Antioch only with the written consent of the student. (2) Students have the right to inspect their own educational records, which are available in the Registrar's Office. (3) Students have the right to challenge the content of their records. The complete Student Records Policy is published in the Antioch College Catalog.

Directory Information

FERPA permits the release of Directory information to third parties outside the institution without written consent of the student, provided the student has been given the opportunity to withhold such disclosure. Antioch College defines Directory information to include student's name, dates of attendance, withdrawal or graduation dates, degrees conferred, and major field of study. Students are given the opportunity to withhold the release of Directory information during academic and co-op registration for each term. There is a check-off box on the registration form which is used to request that Directory information not be released. Students may also request at any time that Directory information be withheld for the term by informing the Registrar's Office in writing. This must be done once a year and is only good for the academic year in progress. Students should carefully consider the

consequences of a decision to have Directory information withheld, as once done, any request for such information from non-institutional persons or organizations will be refused for the remainder of the current academic year.

ACADEMIC REGULATIONS

Students should read and understand the Academic Regulations section of the Antioch College Catalog. It contains important information on: residency, academic credit & evaluation, registration, satisfactory progress, transfer credit & advanced standing, off-campus study programs, personal leave of absence, special students, withdrawal, graduation, campus security information, student records policy.

STUDENT RIGHT-TO-KNOW

The Federal Student Right-to-Know Information is available in Admissions, the Registrar's Office and the Antioch College Catalog. Campus Security information is available in the Security Office. **NOTE:** According to Antioch's policy, early registration does not guarantee registration in a course with approved enrollment limits. It does, however, let the instructor note a student's interest in his/her course for future consideration.

COURSE NUMBERING SYSTEM

Most courses are offered for 4 semester credits in the Fall and Spring terms, and for 5 semester credits during the Summer term. (Some courses identified in this catalog as 4 credit courses will also be offered as a Summer block course for 5 credits.) The specific number of credits is indicated in the schedule of classes published each term.

100	Basic skills course	300-399	Advanced level course
101-199	Introductory level course	400-499	Senior requirement
200-299	Intermediate level course		

A course numbered 196, 296, or 396 is an independent study course. The prefix to the course number identifies the Antioch major or concentration area; for example BIO is a Biology course in the Environmental and Biological Sciences major, and "SGSP" is a Political Science course in the Social and Global Studies major. Some courses are cross-listed in two areas, and the student registers to have the credit applied to either one. The course prefixes identifying the subject area of a course are as follows:

Arts courses:

ARTS:	General Arts courses	THEA:	Theater
DANC:	Dance	MUS:	Music
VISA:	Visual Arts		

Cultural and Interdisciplinary Studies courses:

CIS:	General CIS courses	EST:	Environmental Studies
