

HOW DO I REGISTER ONLINE?

The first step in registering online is to make sure that you do not have holds on your account that would inhibit your ability to register. If you have logged into my.antioch.edu and are at the Student Menu, you may check that by going to the [My Holds](#) option under the Registration section. Any hold listed under My Holds will block you from registration. Visit those offices before attempting to register. Once those offices have end dated your restriction, you will be able to register successfully online.

When you are ready to go ahead with registration, click on [Register for sections](#)

On the registration screen, you must select two items to narrow your selection of classes. It is recommended that you select the term and academic level before clicking on SUBMIT.

Register for sections

1. PLEASE SELECT AT LEAST 2 SEARCH CRITERIA.

2. Either select a Term from the Term dropdown options OR enter Starting AND Ending dates e.g. 9/5/05 12/22/05. Date range can't exceed 120 days.

If you have not met all requirements for a course, you will not be able to finalize your registration. Make sure that you view the course requirements before attempting to register for it.

Please note: In order to finalize your registration for the classes you are eligible to enroll in, you must also change the Action to Remove from List for the items that you are not eligible to register before clicking on SUBMIT.

If you are in doubt regarding whether or not you have successfully registered, go back to the Student Menu and use the My class schedule option to view your enrollment. If your classes are here – you are registered.

Keep in mind that you may not register for Independent Studies or Senior Projects online.

If you encounter problems during registration you may visit the Registrar's Office for assistance.
