

Grading Policy

The registrar's office provides students with a credit report or transcript, by request. This report includes letter grades and narrative evaluations from instructors. The letter grade is calculated numerically to give an indication of a student's quality of performance. In addition, letter grades are used in determining student status: good standing, academic probation, suspension, and dismissal. Antioch College uses the standard 4.0, plus/ minus grading system. Each letter grade is associated with a grade point, which is established to determine a student's grade point average. The grade point average is calculated at the end of each quarter.
